

1. Food employees who are ill with vomiting or diarrhea should be excluded from working in the establishment.
2. Complete this log when employees have vomiting or diarrhea.
3. Restrict food employees who are ill with *Salmonella*, *Shigella*, *E. coli*, hepatitis A, or Norovirus from working with food. Clean equipment, utensils, linens, or single-use items until the Public Health Department has evaluated the potential for food-borne disease transmission.
4. Call your local health department if an employee is diagnosed with:
 - *Salmonella* • *Shigella* • Norovirus
 - *E. coli* • Hepatitis A
5. Call your local health department if a customer complains of diarrhea or vomiting, or being infected with *Salmonella*, *Shigella*, *E. coli*, hepatitis A, or Norovirus.
